

Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing (Rosпотребнадзор)

FBSI “Federal Scientific Center for Medical and Preventive Health Risk Management Technologies”

## XIV ALL-RUSSIAN SCIENTIFIC AND PRACTICAL CONFERENCE WITH INTERNATIONAL PARTICIPATION

# HEALTH RISK ANALYSIS – 2024

Dedicated to the Decade of Science and Technology in Russia

Dates: **May 15–16, 2024**

XIV All-Russian Scientific and Practical Conference with international participation “Health Risk Analysis – 2024” is going to be held in Perm on 15–16 May 2024.

The Conference is going to be held at Ust-Kachka (AMAKS Hotels & Resorts chain), a famous resort in the Urals, located in pine forest on the Kama River.

### HOSTS OF THE CONFERENCE:

Federal Service for Surveillance over Consumer Rights Protection and Human Wellbeing

Federal Scientific Center for Medical and Preventive Health Risk Management Technologies

Perm Regional Office of the Federal Service for Surveillance over Consumer Rights Protection and Human Wellbeing

Medical Science Division of Russian Academy of Sciences

Academician E.A. Vagner's Perm State Medical University

## SCIENTIFIC SCOPE:

- Contemporary strategic and regional tasks in overcoming priority challenges and threats for human health.
- Analysis of a sanitary-epidemiological situation: methodology, technologies for predicting and management (key digitalization technologies, information and analytical systems, big data, science intense data analysis etc.).
- Medical and preventive health risk management technologies: up-to-date diagnostic techniques, methods for correcting and preventing diseases associated with leading hazard factors.
- Control and surveillance as a state instrument for mitigating threats for human health: legal and methodical grounds, risk-based approach, assessment and compensation for losses.
- Sanitary-epidemiological issues in regions: best practices of hygienic assessment and health risk analysis in tackling relevant tasks and implementing the National Projects "Ecology", "Demography", "Housing and urban environment", "Elimination of hazardous objects".
- Health risks associated with biological hazards (communicable diseases, antimicrobial resistance etc.). Epidemiological health risks and modifying factors.
- Fundamental research of negative influence on human health caused by negative environmental exposures by using cellular, sub-cellular and genetic diagnostics and mathematical modeling. Prospects of practical implementation.
- Leading risk factors for children's and adolescents' health: assessment and ways to mitigate them.
- Scientific grounds and practice in assessing health risks caused by occupational or work-related diseases.
- Providing good quality and safety of food products as per health risk indicators.
- A contest of works accomplished by young scientists.

## THE PROGRAM OF THE CONFERENCE INCLUDES:

- holding plenary and breakout sessions, round tables, panel discussions;
- poster presentations;
- a round-table discussion Reference Center of SHM (social and hygienic monitoring);
- holding a contest "the best work by a young scientist".

## PARTICIPATION FORMATS:

- participation with a report and publication;
- participation with a publication (publications) without a report;
- distant participation (a video-report, publication);
- participation with a poster paper (at place/distantly);
- participation without publication or a report.

## HOW TO PARTICIPATE IN THE CONFERENCE:

To take part in the Conference, you should submit the following documents to the Organization Committee using the e-mail address [forum@fcrisk.ru](mailto:forum@fcrisk.ru):

- participant's registration card (Appendix No. 1) drawn up in Microsoft Word in .docx format not later than **April 01, 2024**;
- title of a report as well as supporting presentation, poster presentation and video report with their layout conforming to the fixed requirements (Appendix No. 2) not later than **April 08, 2024**;
- an article that conforms to the requirements for publications (Appendix No. 3) as well as license agreement and consent to use of personal data that are allowed to be distributed (to be filled separately by each author) not later than **April 01, 2024**;
- data on hotel reservation not later than **April 01, 2024**;
- data on a day and time of arrival and transport used for arrival in and departure from Perm for transfer organization not later than **May 01, 2024**.

Upon receipt of articles / reports by the Organization Committee, a notification is to be sent to your e-mail address. In case you do not have this notification during **5 working days**, you should submit your materials repeatedly. In case no notification is received again, please, contact the Organization Committee.

The collection of scientific papers of the conference, abstracts of the conference reports translated into English (Proceedings) will be posted on the conference web-site and also indexed in the RSCI database of the scientific electronic library E-LIBRARY with ISBN and UDC assigned for them.

As a result of the conference, the best articles will be recommended for publication in the Health Risk Analysis Journal included in the list of the Higher Attestation Commission and in the Scopus international database.

Within the Conference, a contest '**the best work by a young scientist**' is to be held. Young scientists and experts (younger than 35 years as well as Candidates and Doctors of Sciences aged up to 39 years inclusively) are invited to take part in it provided that their scientific research is relevant to the scientific scope of the Conference. The contest allows only an oral presentation (with or without publication) at place. Diplomas will be granted to the best reports following the contest results.

Accommodation is to be paid for separately upon arrival. Detailed information on accommodation options and costs for participants is to be found in Appendix No. 5.

The rules and program of the Conference will be posted on the Conference website: [fcrisk.ru/](http://fcrisk.ru/)
